***Notes**

Anthony Poole from the Dugout came to Monday's meeting. He explained that he never heard a complaint from neighbors and only received them from the hotel next door. He said that he has no problem picking up trash across the street but also explained that other people are littering in that wooden area across the street. He explained that he is working on the parking issue. He was the one who put up the yellow tape to keep people from parking there and that he is seeking to buy that land across the street but there is a tax lien on that property. He is welcome to the community to call him if there is a problem and has no problem turning the music down.
